## Canal Board President Issues Statement on Sunday Charges

Charges made by A. Wynne Smith, former assistant secretary of the Twin Falls Canal company, that the firm is being run by three members of the board of directors with regard to the interests of stockholders were not attacked by the board in a statement made by Don Stafford, president of the board of directors.

Neither did Stafford touch on the issue raised by Smith to the effect that an unnamed person, not a member of the board, had directed the board's action in the dismissal of Smith from his position at the Twin Falls Canal company.

A woman who identified herself

as Stafford's daughter phoned the home of a Times-News representative Sunday morning to inquire as to how the board of directors had to submit a statement in answer to Smith's charges. Stafford, president of the board, issued a statement Monday morning. Here is Stafford's complete statement:

In answer to a Times-News report of inquiry regarding the charges made by A. Wynne Smith in yesterday's paper, the president of the board issued the following statement:

"Has the time come when a company as large as the Twin Falls Canal company cannot discharge an

employee without raising a front column in a newspaper? This so-called 'front column' has been used in the past by many employees who, in the opinion of the board, were not working in the interest of the canal company. There has never been anything personal in our discharge of an employee.

"The Twin Falls canal board has asked only one thing—that the company be managed by the board and not by any other employee who would be allowed by being elected by the board to use the acquired authority from the fact of his being elected to work against the management of the company.

## Red Cross Local Aid Revealed

During 1947, the peak disaster year for the United States, catastrophe also struck in Twin Falls when the home of Mr. and Mrs. Homer Brown, 2300 Buena Vista, was burned to the ground. The day after Brown's return from Japan, where he attended the war crimes trial.

The American Red Cross, chartered by congress to furnish relief to disaster sufferers, was the first to come to the aid of the family with clothing and bedding supplies and funds to begin construction of a new home.

Mr. Brown, an employee at the Idaho Department of Agriculture, had worked for a year to save money to furnish his home for the homecoming of his wife. Brown had returned to Japan 14 months before to serve as witness at the trial. Taken prisoner with General Wainwright and a victim of the infamous Bataan death march, he had been a prisoner of the Japanese for three and one-half years.

Mr. Brown met her husband in Sacramento and they arrived in Twin Falls together on Sept. 3. On the evening of Sept. 3, they were attending the church where when the home caught on fire and burned to the ground.

Mr. Brown's oldest son, Edgar, had arrived home on a furlough from the army that morning and all his equipment and clothing was burned.

The family, which includes Mrs. Brown's mother, two daughters, 14 and five years old, and a baby boy, made their home in back of their property in a tent which had been furnished by the Red Cross, and immediately began the construction of their new home, a three-room structure of cinder blocks.

Assisted by the American Legion Auxiliary, American Friends of the World, the Royal Neighbors of America, the Sunshine club, the DAY club, and the household articles, and the VFW, which supplied an electrician to do the wiring, the Browns recently finished the construction of their new home.

Mr. Brown has expressed her gratitude to the many organizations who assisted them, and to the local chapter of the Red Cross which supplied their basic needs at the time of emergency.

The designers also had no realization that the auditorium would be used for such emergency activities on the part of the Red Cross as provided by contributions from the community and the organization's fund drive. The people of Twin Falls are urged to give generously to the Red Cross fund drive, beginning March 1, to assist in the construction of their new home.

At 4:15 p.m. over radio station KTFB, Bob Hope and his company will present a special fund drive for the Red Cross relief and rehabilitation activities of the American Red Cross.

## Truman Flays Communist Action in Greece, Tells of Intent to Seek More Aid

WASHINGTON, Feb. 16 (UP)—President Truman today denounced "ruthless" communist activities in Greece and notified congress that he will ask for "additional military assistance" for Greece and Turkey. Mr. Truman sent to the house and senate his second

quarterly report on the American aid program for the two Mediterranean nations. In an accompanying letter he said that continued economic assistance for Greece will be provided through the European recovery program if it is approved by congress.

But he added that ERP will not provide "for any additional military assistance required for Greece and Turkey, which will, as the supreme time, be sought from the congress."

To Mention of Soviet In connection with communist activities in Greece Mr. Truman did not mention Soviet Russia by name. His meaning was clear: "Greece has been subjected to ever-increasing pressure by the communist minority, which has been to the foreign influences from which it draws support, would impose its will on the Greek people by force of arms," the President said.

The President's report gave an accounting of the manner in which the American mission to Greece has been spending the \$200,000,000 appropriated for that country by congress last year.

In Deliberate and Wanton In connection with this statement the funds for additional military assistance will be sought later, the President described "deliberate and wanton" communist guerrilla warfare against the people of Greece. He said that any prospect of substantial economic recovery is being obstructed by the continued internal warfare.

"Although economic progress has been made under the circumstances, it will be seriously hampered, the President said, unless the communist guerrilla menace should increase as a result of greater aid."

## Bowles Urges U.S. Program To Halt 'Bust'

NEW YORK, Feb. 16 (UP)—Chester Bowles, former OPA administrator, today proposed an extensive program which he said "can modify to a major extent, the recession which we have suffered."

"During the last few weeks," he said, "we have all witnessed the second cycle of the old demand cycle of economic boom and bust."

"The prices of grains have dropped sharply, and so have the prices of many securities. It is possible, of course, that the commodity markets will recover and that confidence will be temporarily restored."

Cites Inflation Danger But, Bowles added:

"There is one fact that we must all face squarely. We could not possibly expect that our economy could be subjected to the wholly unnecessary inflation of the last year and a half without eventually paying the price."

"The fact is that the too distant future—if it has not already started—will find ourselves moving into a depression of some sort."

Stating that there now are many controls which make an exact duplication of the 1930s impossible, Bowles said that nevertheless "an extremely serious situation exists."

"Even though the number of unemployed reaches only six or eight million, the half the population of 1932—the effects throughout the world would be drastic."

"Cash and credit depression," Bowles proposed the following nine-point program "based on our experience in the past":

1. "To cut along the line of the time to cut taxes in war purchasing power is beginning to dry up."

2. "An all-out program of slum clearance and 'slumming' building 1,400,000 homes a year."

3. "Continue rent controls 'for at least one year or two.'"

4. "Broaden the security pay-off."

## More Support Of ERP Seen In Prices Dip

WASHINGTON, Feb. 16 (UP)—The sag in farm prices may mean more votes in congress for the Marshall plan.

And the way lawmakers see things up, there may be fewer demands to slash the size of the aid to Europe program.

Representative Vorys R. O., predicted to a reporter:

"The farmers will be screaming for the Marshall plan. It is a fact. With prices down at home, our export markets are going to do a lot better, even though we finance them."

Committee Member Vorys is a member of the foreign affairs committee. He expects to keep hearings on foreign aid going until the end of the month.

The senate foreign relations committee has finished its hearings and is nearly ready to send a bill to the floor for debate.

When the administration asked what that congress authorize a four and a half year program to help western Europe, the committee said it would be a "big step" in the economic future of the world. It asked \$4,000,000 for the first 12 months.

\$4,000,000 Approved The senate committee said yes to the four and a half year plan and agreed to allocate \$4,000,000 for the first 12 months. Chairman Vandenberg, R., Mich., said that total is exactly what the administration is counting on for the first year.

A number of Republicans in both chambers, including some in the house foreign affairs committee, have indicated they think the administration figure should be trimmed. And the biggest opposition to about amount and the program in general appears to be centered among congressmen from the midwest.

## Seven Escape Death as Car Enters Ditch

Seven persons escaped serious injury early Monday morning when the driver of their car fell asleep and the car hit a bridge, all down a 15-foot embankment. The car, about one-eighth of a mile south of Terryport, crashed.

As a result of the mishap, Robert Oliver, 26, Hazelton, the driver, was cited by state police to appear Monday afternoon in probate court. He was charged with driving a vehicle into a ditch which occurred on Feb. 12-13.

The most serious accident was Evelyn Reed, 15, Hazelton, who was treated at the Twin Falls hospital. She was brought to the hospital by C. A. Gore, Twin Falls, who was driving the car.

According to state police, the 1937 automobile in which the seven persons were riding, was driving westward. The party was returning Hazelton after a bowling party in Hazelton on Feb. 12.

Police said the car rolled along the left side of state highway 50, tore off a section of the bridge, remained upright down the side of the ditch and plunged into about 15 feet of water.

Police officers quoted Oliver as saying he had fallen asleep at the wheel.

Other occupants of the car included Jean Oliver, 18, wife of the driver, and three other girls, 17, 16, and 15, all Hazelton. Crawford, 18, Greenwood, and Jack West, 18, Eden.

Maize Reservoir is to have 150,000 fish. Of this number, 100,000 will be planted in the Maize Reservoir and 50,000 in the Maize Reservoir. The fish will be planted in the Maize Reservoir and its tributaries.

## U.S. Raps Russ For 'Hindering' Papers in Reich

BERLIN, Feb. 16 (UP)—The United States military government in Germany charged today the Russian zone perils in hindering distribution of material sent in from the American zone.

Gen. Lucius D. Clay said this violation of the agreement pledging the free exchange of goods throughout Germany four zones. He made the charge in his monthly report on the situation in the zone.

The report came a short time after the U.S. and Great Britain announced they are giving the Germans in their zones a central bank and limited permission to make aluminum.

The bank, in Frankfurt, will have power to issue new currency if the U.S. and Great Britain approve. It will have power to issue new currency if the U.S. and Great Britain approve.

# Life-Long Red Gets Reward, Runs Bulgars

By WES GALLAGHER  
SOFIA, Bulgaria, Feb. 16 (AP)—What happens when a man who has fought a half century as a revolutionist takes over the government power he sought to deprive others of exercising?  
The answer is found in this peasant country of seven million, and in its Communist ruler, 65-year-old Georgi Dimitroff, top international agent of the Kremlin.  
A revolutionist at 15, Communist party leader at 21, Dimitroff at the famous Reichstag trial at 31, secretary general of the communist international at 33, and prime minister of Bulgaria at 35, is a thumbnail sketch of Dimitroff's career.  
Absolute Ruler  
Today at 63 he is more than a ruler; he is the absolute ruler of this one-time kingdom. Figuratively he is now a "communist king."

It would take a book to describe the rise of his communist regime to power in the last two years. Here briefly are the main steps:  
Sept. 9, 1944—With Soviet endorsement a coalition government was formed with communists receiving key posts as ministers of interior which controls the state police institution.

Opposition Withdraws  
Aug. 1945—The powerful Agrarian and Social Democratic parties withdrew from the coalition government. It had become a front for the communist seizure of power.

Oct. 1945—In the election the agrarians and social democrats received 25 per cent of the country's vote. Communists and their followers won a strong majority.

May, 1947—Opposition papers ceased publication by Dimitroff's communist government.

Leaders Arrested  
June 5, 1947—Two hours after the United States ratified the armistice, the Dimitroff government arrested Agrarian Party leader Nikola Petkov and expelled 23 cabinet deputies from the national assembly.

Aug. 15—Petkov sentenced to hang.  
Sept. 23—Despite United States and British protests Petkov was hanged.

Feb. 1—Bulgaria became virtually a one-party state by the reorganization of the parliament into a single party dominated by the communists.

# Fare Boost Okay Given West Rails

WASHINGTON, Feb. 16 (AP)—The Interstate Commerce commission today authorized western and southern railroads to increase their passenger coach fares 15.5 per cent.  
The increase, which can be put into effect on five days notice, will boost the one-way coach fare from 22 to 25 cents a mile with proposed 25-cent increases in round-trip fares.  
The coach fare boost will give the 25 western carriers additional revenues estimated at \$21,000,000 a year. The 11 southern roads will receive an estimated \$4,000,000 additional income.  
Similar increases were granted to eastern and other southern roads by the commission last year. Today's action makes coach fares uniform throughout the country.

# THOMAS GAINS Idea on Canal Zone 'Plotting'

PANAMA, Panama, Feb. 16 (AP)—Rep. J. Parnell Thomas, R., N. J., says he has gained a "clear mental picture of un-American activities in the canal zone" in an investigation conducted from a hospital bed here.  
"My illness... has been a blessing in disguise," Thomas said in a statement.  
Stricken En Route  
Thomas was stricken with bleeding of the stomach and intestines last month while en route to Panama to probe possible subversive activity in the Canal Zone. He has been in Margarita hospital since his arrival Jan. 25.  
"While a patient at Margarita hospital," Thomas said, "I had an opportunity to learn much. Over 24 persons—Americans and Panamanians, ranging from the bottom rung of the ladder to the top, have conferred with me. All showed a keen desire to volunteer information and freely answer questions..."  
Gathering Data  
"For 15 days I have been accumulating data, examining intelligence reports, scrutinizing past newspaper clippings, secret documents and photographs."  
"I now return to the United States with a clear mental picture of un-American activities in the Canal Zone, with a mental picture of our inadequate defense for the canal, with knowledge of foreign agent activity and communist infiltration here."

# French Fight Surging Tide Of High Costs

PARIS, Feb. 16 (AP)—France was battling the sharpest upsurge in living costs since the war today—a spurt which lifted the price of foodstuffs by 2 to 70 per cent since the devaluation of the franc three weeks ago.  
For 1,000 francs a housewife could get two pounds of beef, two pounds of carrots, four pounds of potatoes, two pounds of oranges, two pounds of margarine, a quart of red wine, two pounds of bread and half a dozen eggs.  
Income 12,000-16,000 Francs  
The income of a average French worker with a family ranging from 12,000 to 16,000 francs a month. That is a thumbnail sketch of the high cost of living in France while commodity prices in the United States were declining.  
If the prices keep on climbing, especially those of basic foodstuffs, they easily could cause the downfall of Premier Robert Schuman's anti-communist coalition government.  
The government staked its life on the leveling off of the price and wage spiral by June or July. The main factor in the situation was Finance Minister Rene Mayer's revolutionary program of devaluation, currency and lifting economic controls.

## Six Local Teams to Bowl In State Pin Tournament

Six teams from the Twin Falls City Bowling association will compete in the first Idaho state bowling tournament staged since before the war.

Donner Bertsch, the association's efficient secretary, announced today. The tournament will be staged at the Boise Bowling Center on Feb. 27, 28 and 29.

The teams are the two Elks quints, the Park District, Western Music, Pacific Bag and Coca Cola.

The members of the local teams have been entered in 25 doubles and 36 singles.

At the same time, three teams from the Elks will compete in the state Elks tournament to be staged at the 20th Century Inn in Boise.

Bertsch said that at least six local bowlers will compete on Feb. 29 in the 4500 challenge to be staged at the 20th Century.

They are Corby Carlson, the city's high average bowler; Keith and Royal Coleman, himself, Fred Olson, Roy Wolter and Gus Cowham.

"I also expect Buhl, Gooding and Rupert to send several teams to the state tournament and also compete in the classic," Bertsch stated.

Another new development in Idaho Valley bowling was the taking over of the Gooding bowling lanes by Walter Berch, long one of the Magic Valley's outstanding bowlers.

He also is operating the lunch room there.

The class A district tournament will get under way here at 2 p. m. Tuesday, Feb. 23, at the Elks club.

Twin Falls high school principal who will be the tournament manager, announced today.

He said that two games will be played Tuesday afternoon and a like number Wednesday.

The schedule will be the same Wednesday, while on Thursday there will be one afternoon game and two night contests.

Friday night the semi-final and championship contest will be played.

Strong and Hedges, Boise, will be the referee with Hank Powers, the official scorer, and Ralph Edwards the timer. Kenneth Kall will be chief doorman and Ray Kite the business manager.

Plans said that the drawings for the tournament will be held Saturday before the tournament.

**Crisler's Aide Harvard Coach**

CAMBRIDGE, Mass., Feb. 16 (AP)—The Harvard labor of restoring ancient Harvard to its once lofty intercollegiate football peak has been placed on the shoulders of 32-year-old Art Valpey, who has had but three years of varsity coaching experience as an assistant at University of Michigan.

He replaced in place of a three-year contract as successor to the veteran Dick Harlow, who resigned because of ill health two months before, was announced by Athletic Director William J. Blumhagen.

"After long and careful examination of numerous candidates, I am convinced that Arthur Valpey has a sound background of football and the necessary force of personality to put over this knowledge to young and eager football players," Blumhagen said.

The crimson athletic director noted that Valpey was highly recommended by Fritz Crisler, Michigan athletic director and head football coach.

Per capita income in the United States rose from \$469 in 1929 to \$842 in 1946.

**Tag Wrestling Match Set for Arena at Filer**

Australian tag or team wrestling will be the feature in the mat show to be staged next Saturday night at the Filer high school gymnasium under the auspices of the Twin Falls post of the Veterans of Foreign Wars.

Don Maynard, Salt Lake City, the wrestlers' matchmaker, shifted the scene from the Twin Falls Community center's arena after noting the fine facilities for handling matches at the Filer gymnasium.

In the team match Maynard and Dave Reynolds, Columbus, O., will oppose Jack O'Reilly, claimant of the Australian heavyweight championship, and Floyd Hansen, Salt Lake City.

The type of wrestling two wrestlers are in the ring at one time but if one gets in difficulties he can be helped by his partner who stands just outside the ring and that wrestler must take up the struggle in his own right. The winner continues until one side has won two falls.

Two matches with a time-limit of 20 minutes each also are scheduled. Maynard will oppose Hansen in the while Reynolds will oppose O'Reilly in the other.

Also announced was the six-man directory board of the association for the current year. Members are Herman Shook, Burley; Malloy Fisher, Twin Falls; Edwin Ames and Tom Maberly, both Rupert; and Harold and Harry McCauley, both Buhl.

Of these, Maberly has been named president; Fisher, vice president, and McCauley, secretary-treasurer.

# Bids Are Sought On Montana Dam

COLUMBIA FALLS, Mont., Feb. 15 (AP)—The bureau of reclamation today called for bids for the construction of the fourth largest concrete dam in the world—the multiple purpose Hungry Horse dam in northwestern Montana.

Bids will be opened April 1 at bureau headquarters at the dam site, situated on the south fork of the Flathead river, the bureau said. The contractor will have 1,000 days—or slightly under five and a half years—to complete the work.

The dam will be more than 820 feet high, exceeded in height only by Hoover, Grand Coulee and Shasta, and will contain 2,900,000 cubic yards of concrete. At the crest, the Hungry Horse will be 2,115 feet long, and it will have a reservoir capacity of 3,500,000 cubic feet. A 30-foot roadway will be constructed across the dam.

# Expert Predicts Meat Supply Cut

SAN FRANCISCO, Feb. 15 (AP)—The national meat supply this year probably will be 10 per cent less than in 1947, a U. S. department of agriculture official said today.

The estimate was made by Preston Richards, assistant director, production and marketing administration.

"In terms of per capita consumption," he told the Western States Meat Packers association convention, "the volume of meat available per person in 1947 was about 146 pounds, or roughly 10 pounds per person less than last year's record per capita consumption."

# 5-Yr. Victim of Gassy Stomach

FAIRFIELD, Feb. 15—A telegram has been received from Wayland Muffey saying that he and his wife are snowbound in British Columbia.

"For 5 years I suffered from gas attacks and flatulence," says a well-known citizen. "My meals just laid in my stomach and turned to gas. Had dizzy attacks from this condition. I tried many medicines, but they never had any effect on me, but I used Dr. J. C. Fennell's INER-AID. It cleared out all my gas. Now I can eat without misery afterward. This is the only medicine that ever helped me."

INNER-AID is the new formula of 12 juices from Nature's plants. It has relieved many people who had never been really helped before by any medicine. Taken shortly before meals it mixes with our food, thus eliminating the poisons that foster stomach trouble.
